

# Grateful Patient Program

## How Can I Say “Thank You?”

Patients often ask how they can express their appreciation for the remarkable care they’ve received from Nascentia Health. Many say “thank you” with a kind word, a warm smile or a heartfelt note. While others prefer to thank a special nurse, therapist or home health aide with a monetary gift, Nascentia Health’s commitment to maintaining the highest standards of integrity and ethical behavior prohibits employees from accepting cash gratuities.

If you or your loved one would like to make a financial contribution as an expression of thanks for the care you’ve received, we encourage you to do so through Nascentia Health’s Grateful Patient Program.

Established in 2015, the Grateful Patient Program provides an opportunity to recognize the care you or a loved one received as a patient of Nascentia Health. Gifts received through this program pay tribute to a special person.

## How Does the Program Work?

When you make a gift to the Grateful Patient Program, the employee you choose to honor will be sent an acknowledgment letter. Your message of appreciation will also be shared with your honoree's supervisor, his or her professional colleagues, and with the community through our foundation newsletter "together." The denomination of your gift will be kept confidential.
